Day 3 - October 3, 2018

This full-day tour of the south-west of Iceland includes three of the best known attractions Iceland has to offer. Gullfoss (The Golden Waterfall), one of the most impressive waterfalls in Europe with thousands of tons of icy water, thundering majestically into a deep canyon; The Geysir Area, with numerous hot springs, fumaroles and geysers, including the 30 meter spouting world known Strokkur; Þingvellir, a remarkable geological site and a historic site as well. Þingvellir is the site of the world's oldest democratic parliament founded in 930 and the beautiful canyon running through the park is actually the dividing fault line between two of the earth's tectonic plates.

Day 4 - October 4, 2018

Today you will have frequent views of mountains, including snow shrouded Hekla, the country's most active volcano and the towering, ice capped strato volcano Eyjafjallajökull. Continue through the region where one of the best known of the Icelandic classical sagas, Njál's Saga is set. Next, we stop at the spectacular waterfalls of Seljalandsfoss and Skógarfoss to view the water tumbling over high rock escarpments. We will also visit the Skógar Folk Museum preserving the cultural heritage of South Iceland. We continue our travels past Dyrhólaey, a magnificent rocky headland with sheer cliffs, that face the beautiful seaside village of Vík, where lunch is included today. After lunch, we head for the sea shore, flanked by steep bird cliffs rising above the black and wave pounded sands. In the sea just outside the village of Vík are Reynisdrangar rocks - 66 meters above sea level at their highest. According to legend the Reynisdrangar were formed when two trolls were trying to drag a three-masted ship to land. When daylight broke they turned into a stone. **(B,L)**

Day 5 - October 5, 2018

Enjoy an energizing visit to one of Iceland's most famous natural wonders. The Blue Lagoon is a unique experience; a lagoon with pleasantly warm mineral-rich geothermal water in a middle of a black lava field. The high natural levels of silica and minerals give the Lagoon its rich blue color. The facilities include modern changing rooms and showers, an indoor geothermal pool, restaurants and other services. Enjoy the rest of your day in Reykjavik at leisure. Reykjavik is a modern city with a variety of restaurants, museums, galleries and theatre. Enjoy a walk in the old town, city center, where you can explore the Parliament, the Cathedral, shops or the new Harpa Music Hall. **(B)**

Day 6 - October 6, 2018

This morning you will have a few more hours of free time before your private coach picks you up for your flight departure and deliver you to Keflavík International Airport.
