Sugar-white sand, brilliant blue waters, kaleidoscopic sea life—all this is plentiful in the Caribbean archipelago nation of Turks & Caicos. Grand Turk, a jewel of an isle that measures just 18 square kilometers (seven square miles), is awesomely rich in natural wonders. Ringed by translucent warm waters teeming with coral and fish, it's a bonanza for divers, snorkelers and anglers. Of course, you can always simply kick back and just enjoy the view from under a palm tree or beach umbrella. Or explore the fascinating history of Turks & Caicos in its capital, Cockburn Town, which is lined with Bermudan-style buildings from the 18th and 19th centuries. (BLD)

Day #5 - January 29, 2019

Strolling the narrow cobblestoned streets of Old San Juan, you'll discover a historic treasure surrounded by massive city walls. You can climb the ramparts of imposing fortresses like El Morro, at the entrance to the bay, and visit the Cathedral of San Juan Bautista, one of the oldest churches in the Americas and the final resting place of the city's founder, Ponce de León. Modern San Juan extends well beyond the historic district and offers diversions of its own. Lively beachfront shops and trendy waterfront bars offer the visitor many optional activities. (BLD)

The capital island of the US Virgin Islands, St. Thomas is encircled by pristine beaches, and the island's towns offer excellent shopping and dining. Charlotte Amalie, the main town, buzzes with activity and is one of the busiest cruise ports in the Caribbean. Founded in 1666 and renamed in 1691 to honor the Danish queen, Charlotte Amalie this town contains excellent examples of Danish-colonial architecture. In fact, a number of sites in Charlotte Amalie are listed on the National Register of Historic Places. It is home to some of the Caribbean's highest viewpoints, spectacularly positioned among verdant tropical foliage. It offers some of the best snorkeling around. And the island has got the hands-down coolest attraction in the region—an ice museum. (BLD)
