Here we will meet our guide for a tour the length of the North Pier (approximately $\frac{3}{4}$ mile) and learn about the Twin Cities' rich maritime heritage and 180 years of lighthouse history. From here we make our way to Saugatuck, MI and board the dune schooners. Learn of the lost town of Singapore and discover the local vegetation and wildlife. A family style dinner is included prior to checking into our Holland, MI hotel. (D)

DAY 2: Tuesday, May 18, 2021

We depart this morning after an included breakfast for a tour of Holland including a picture stop at "Big Red": the most photographed lighthouse on Lake Michigan. Step back in time as we visit a reproduction of an 1800's Dutch Village. Learn a few steps of Holland's traditional "klompen" dance and watch artisans make cheese and carve candles. There will be time to have lunch on your own and explore the Dutch import shops. We now depart for Muskegon, MI where our step on guide awaits to share the local history and a scheduled picture stop at the South Pierhead Light. Dinner and touring will be aboard the USS LST-393. LST stands for landing ship tank (or as many soldiers called it a long slow target). The LST 393 was in many battles including D Day. The LST is one of two remaining after the war. This is a ship museum that honors all veterans throughout the ship. You may go through the ship after your dinner. Most of the artifacts are on the tank deck (main floor). There will be docent on board to answer any questions during the meal. (BD)

DAY 3: Wednesday, May 19, 2021

After an included breakfast we make our way to Grand Rapids, MI. Our first stop is the Gerald Ford Museum. The museum contains exhibits on President Ford's life and career and the Office of President. Candid photographs of Ford interacting with his family and colleagues offer the visitor a personal glimpse of the president. The main floor includes a full-scale replica of the Oval Office furnished as it was during Ford's presidency. An interactive Cabinet Room allows visitors to take part in presidential decision making. The award-winning film, "A Time to Heal," is shown hourly in the museum auditorium. A section of the Berlin Wall stands in the museum's lobby. We now depart for Frederick Meijer Gardens. A lunch voucher is included at Taste of the Gardens Café with its dazzling glass ceiling sculpture by renowned artist Dale Chihuly. Time to board the tram to tour the outside gardens. The greatest concentration of work is featured in a 30-acre sculpture park, which hosts both colossal and more traditional scale works sensitively sited in a natural environment. A local guide joins us for a tour of the Conservatory. The Lena Meijer Tropical Conservatory is a five-story, 15,000 square-foot facility featuring rock landscapes, a waterfall and a variety of exotic plant selections. The conservatory houses tropical plants from around the world, including fig trees from India, exotic orchids from Central and South America, Asiatic bamboo, and banana trees. We check into our hotel and enjoy the dinner show "Whispers of the North" The Gordon Lightfoot Tribute. This show replicates the songs and styles of a Gordon Lightfoot concert. Enjoy the classic tunes made famous by the Canadian balladeer who wrote about the woods and the water, sailing ships, broken hearts, and lost loves. (B,Lunch Voucher,DS)
